www.thecommunityhouse.org

As our time and attention turn to the holiday season and the end of the year, many take time to give back and show appreciation to the people and organizations that make a difference in their lives. As you take stock of the past year, I hope you fondly recall the time you spent with your family and your neighbors at The Community House. It may have been in our building for Fortnightly Dance, or it might have been in the park playing flag football or in your own school for the after-school program, but no matter where it was, you represent our mission in action. Our goal of providing

opportunities and access to programs and services that help people live remarkable lives and build connected and healthy communities is vital because of you! In 2023, we served more people in our programs than we ever have before and because we do not receive tax dollars, we can only do it because of your participation and your donations. For families living in the under-resourced and unincorporated area of Willowbrook, our after-school care, summer camps, and access to sports, arts, and recreation unlock the fantastic potential of kids and families; your donations support programs that just might be the spark to launch their bright futures. In our Counseling Center, your donations allow licensed therapists to provide high-quality care on a slide to young people and their families going through tough times.

Because of you, we are making a massive difference to families and helping them enjoy healthier lives. We appreciate your support!

If you have not had the chance to give this year, you can help us reach our annual fund goal by scanning the donate QR code at right or texting C2C to 72572. Every dollar counts, and your generosity will make a real impact. Thank you!

Music Together

Ages: 0-6 years old with parent/caregiver

Each week, babies, toddlers, preschoolers, and the grownups who love them gather for 45 minutes of fun-filled family music time with Tiny Toes Music. Your teacher will lead you and the other families in music activities ranging from lullabies to full-on jam sessions (with child-friendly instruments, of course). In Music Together's mixed-age classes, everyone participates at their own levels: babies vocalize, listen, and observe; toddlers play and experiment; and preschoolers build confidence as they emerge as classroom leaders. You'll take home the award-winning music used in class, along with an illustrated songbook and other resources. You'll be supporting your child's music-learning and overall development all week long as you discover new ways to play with music together. It's so much fun, you won't realize how much learning is taking place! Infant siblings under 9 months attend for free and any caregiver (parent, nanny, or grandparent) can participate in this family music experience. For more information, visit www.TinyToesMusic.com.

This rockin' class will have your child acting, singing and dancing to hits of the 70's, 80's, 90's and Today! Each week the theme of your child's class revolves around a different Rock 'n' Roll Band or performer including improvisation, acting games, singing, and dance moves directly related to the hit songs from that band. There will also be an exploration of musical skills like rhythm, dynamics and more! Throughout the class everyone will become a Rock Star as the class becomes a band of their own as they work together on a couple performance songs for an end of the class performance! This is a great class for those too young to start vocal lessons or those who want to try a new twist on our hit Broadway Kids class!

Spring Sip & Sing Celebrating Poetry & Jazz

Ages: 21 years old and up

Spring is one of the most amazing seasons! We feel a sort of rebirth to the freedoms of what can be a sometimes long, cold & grim winter! As April is National Jazz and Poetry month we plan to celebrate all of it in style! Enjoy a special living history presentation of Emily Dickinson portrayed by Paddy Lynn over Lunch. Discover what life was like for Emily growing up in Amherst, MA, and what inspired her to write her insightful poetry. Meet the important people in her life, and learn of the events that led to her desire to become a recluse. Paddy Lynn has worked with a professional theater company as a writer, director, and actor in over 100 productions. Emily Dickinson is followed by an equally sensational presentation as Amy Lowe gives a musical narrative of the Great Chicago Fire of 1871. Our curated program is full of songs and tales from the award-winning, engaging fast-paced, fact-based musical, "Fire in Boomtown." Enjoy poignant eyewitness narrative and vivid songs as Amy brings to life the before and after of a city that grew too fast with dangerously

little planning that led to the devastating Great Chicago Fire of 1871. Amy Lowe has a wonderful way of telling a story with music that reaches people of all ages. She is a talented musician with a powerful yet sweet voice that can sing a song or tell a story with passion, poignancy, and feeling." - Marshall Trimble - Arizona State Historian - Award-winning Author and Storyteller.

Tai Chi

Ages: 18 years old and up

Per Harvard Medical School, Tai Chi is often described as “meditation in motion,” but it might well be called “meditation in motion.” There is growing evidence that this mind-body practice has value in treating or preventing many health problems. Tai Chi is a practice that involves a series of slow gentle movements and physical postures, a meditative state of mind, and controlled breathing. It’s a low-impact, slow-motion exercise, that doesn’t put any pressure on the joints. It’s also slowly becoming therapeutic exercise for many chronic health conditions. Join Zuzana from Hummingbird Qigong in this beginners 6 weeks Tai Chi program to improve your balance, coordination, and overall health. Classes will not be pro-rated and are non-refundable unless canceled by The Community House.
